---

**Objective:** Passionate and dedicated Python Full Stack Developer with a strong foundation in both front-end and back-end development. I am eager to bring my Python, JavaScript, and web development skills to a dynamic team. I am excited to create innovative solutions and contribute to meaningful projects that enhance user experiences.

### INTERNSHIPS AND PROFESSIONAL TRAINING

#### Gurukrupa Enterprises

Borivali, Mumbai

##### Intern

May 2023– June 2023

- Handling front-end Development and design of the company's official websites.
- Created a dynamic and responsive user interface using HTML, CSS, and JavaScript
- Focused on cross-browser compatibility for smooth functionality across devices and browsers
- I ensured the website worked smoothly on all devices and browsers.
- Worked closely with the marketing team to match the website design with the company's branding.

### EDUCATION

#### Alamuri Ratnamala Institute of Engineering and Technology

Shahapur, Thane

BE in Computer Engineering,

Aug 2021 - May 2024

Score- 70%

##### Project 1

##### Blockchain-Based Privacy Preservation and Disease Prediction using Deep learning

July 2023 – Mar 2024

##### Extracurriculars

- Event Committee Member,

Aug 2022 – May 2023

##### Achievements, Awards and Certificates

- Presented a research paper titled “*Design and Build Blockchain-Based Privacy Preservation and Disease Prediction Using CNN Model*” at IEEE-sponsored ACROSET 2024.
- **Certificate**
  - Full Stack Web Development in Python (Qspider)
  - Python(PrepInsta Technology)
  - SQL(PrepInsta Technology)

#### Navjeevan Polytechnic

Bhandup, Mumbai

Diploma in Computer Engineering,

May 2021

Score: 74%

#### Don Bosco English School

Badlapur

SSC

May 2017

Score: 67%

### TECHNICAL SKILLS

Programming Languages: Python, JavaScript, HTML, CSS, HTML5, CSS3

Framework/Libraries: Django, Bootstrap, tailwind CSS

Databases: PostgreSQL, MySQL, Oracle DB

Tools & Technologies: Git, Github

### PROJECTS

#### Phonebook Management System (Python + PostgreSQL)

- I developed a phonebook management system using Python and PostgreSQL in this project. The application allows users to register, log in, and manage their contacts through a command-line interface.
- Skills: Python, PostgreSQL, Database Management, Command-Line Interface
